Hi Yerusha,

I will have to get back with you on tomorrow. I am just receiving my new laptop and I have a priority project that I have to complete.

Hi Linda. I called and left a vm for you about this matter. I'm helping OGC process the appeal of the above-referenced request that was assigned to your office. It looks like you all entered a no-records response in FOIAonline.

The request is for all records related to a 2012 complaint from the requester via emails directly to Mark Pollins as Director of the Water Enforcement Division.

It seems like there would have been some action taken on the 2012 emails from the requester to Mark, even if the action was merely forwarding the email(s) to someone down the totem pole to look into. I presume the requester is trying to figure what happened with his complaint and what decision was made regarding whether or not his complaint and/or the underlying activity merited action by the Agency.

Please call me at 214-665-6797 to discuss further. OGC would like to close out this request as soon as possible.

Thanks for your time.
